

Tailored Growth Proposal for your Medical Influencer Instagram

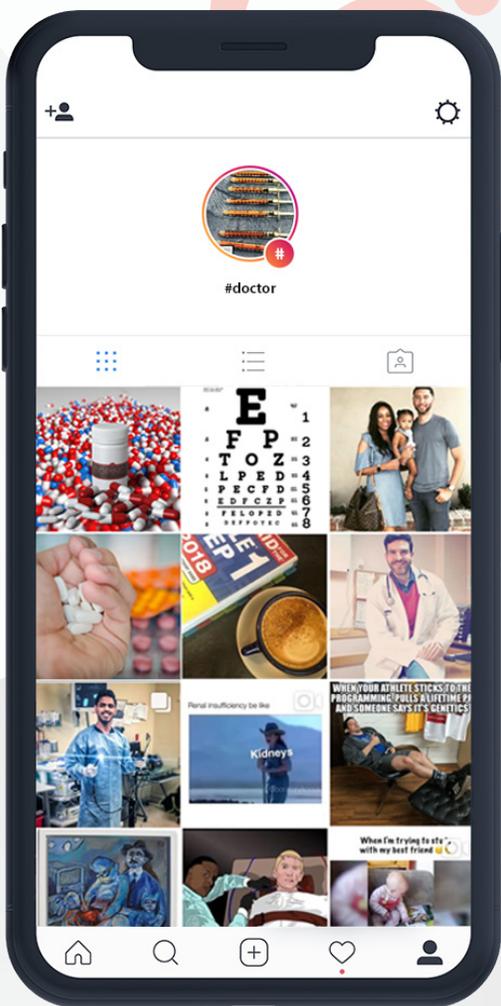

Thank you for allowing us to share with you the power of organic Instagram marketing for growing your page. Please read this proposal and I'm sure you will agree that this service is a must-have for achieving your goals.

WHY YOU NEED THIS

Did you know that healthcare workers are the #1 most respected profession? The world admires your work and wants an inside look into your life in the healthcare field. There is an enormous Instagram community that follows popular doctors and they look to you for words of encouragement.

We have grown over 50 healthcare professional's accounts – most of them growing at over 7,000+ new, active followers per month. We know exactly what targeting techniques work best to reach this community and convert them into fans. All of our medical accounts are currently sponsored by popular medical brands such as Cherokee, Figs, Littman, and more. Some are being paid hundreds of dollars per post. We will teach you how to turn your Instagram in a money-making machine, all while maintaining a genuine organic experience.

- » Gain over 1000 active followers per week
- » Triple your engagement overnight
- » Start profiting from your Instagram page
- » Build worldwide recognition

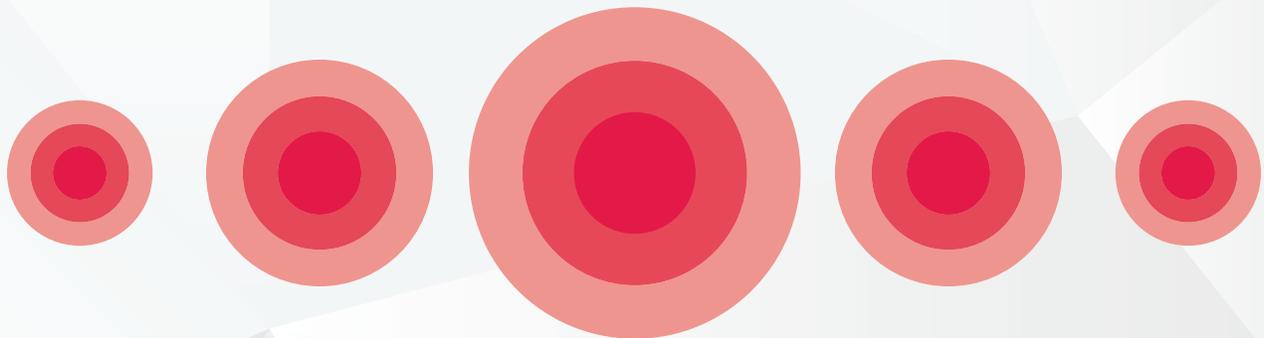

[@doctor.jake](#)

"Being a doctor, there is so much that I want to share with the world. Instagram gives me a platform to help so many people at once. And it's amazing how many brands, like Figs, are eager to sponsor my journey."

WHY YOU SOUNDS GREAT! BUT HOW? NEED THIS

That's where we come in. By following a simple 5 step plan that we have employed for over 100 Fashion blogs world-wide, you will soon join the ranks as a Recognized Instagram Brand.

1. **Strategy:** 1 on 1 coaching session with our top Instagram Guru to identify your target audience, establish a content and posting strategy, and teach you some hidden tricks to get you paid for your posts.
2. **Targeting:** We will find the Instagram users that are most likely to follow & interact with your Instagram page. They are selected based on accounts they are currently following, what they are posting about, and how many followers/following they each have.
3. **Interaction:** We need to let these users know you exist. By performing genuine, organic interactions such as Targeted Comments, Likes, and Follows, these users will flood to your page every single day. We perform around 2000 interactions PER DAY.
4. **Competitor Analysis:** We will use data that we've built from our other healthcare influencers, including the keywords that are most successful, and target accounts that are most similar in order to skyrocket your growth!
5. **Machine Learning:** We are lucky to operate the most powerful machine learning software in the world for Instagram marketing. We are constantly analyzing our targeting strategies and interactions to continue improving and growing faster.

HOW DO I GET STARTED?

Everything included above costs only **\$89** per month

1. Visit [Instelite.com/pricing](https://instelite.com/pricing) and select **Varsity**.
2. You will receive **7 days** to try us out before you're charged.
3. You can cancel or pause your services easily, at any time.
